

How to Set up an Online Course

MyPsychLab CourseCompass

**An Overview of the
Installation Wizard**

Course Creation (cont.):

The screenshot displays the CourseCompass web application interface. At the top, the address bar shows the URL: http://portal.coursecompass.com/portal/tag.ac16e8f987f444ea.render.userLayoutRootNode.target.u181n61.uP?uP_portlet_action=false&uP_root=root&uP_view_target. The page header includes the CourseCompass logo, a user greeting "Hello, Ashley Fallon (not you?)", and navigation links for "Log Out", "My Account", and "Help & Support".

The main content area is divided into three columns:

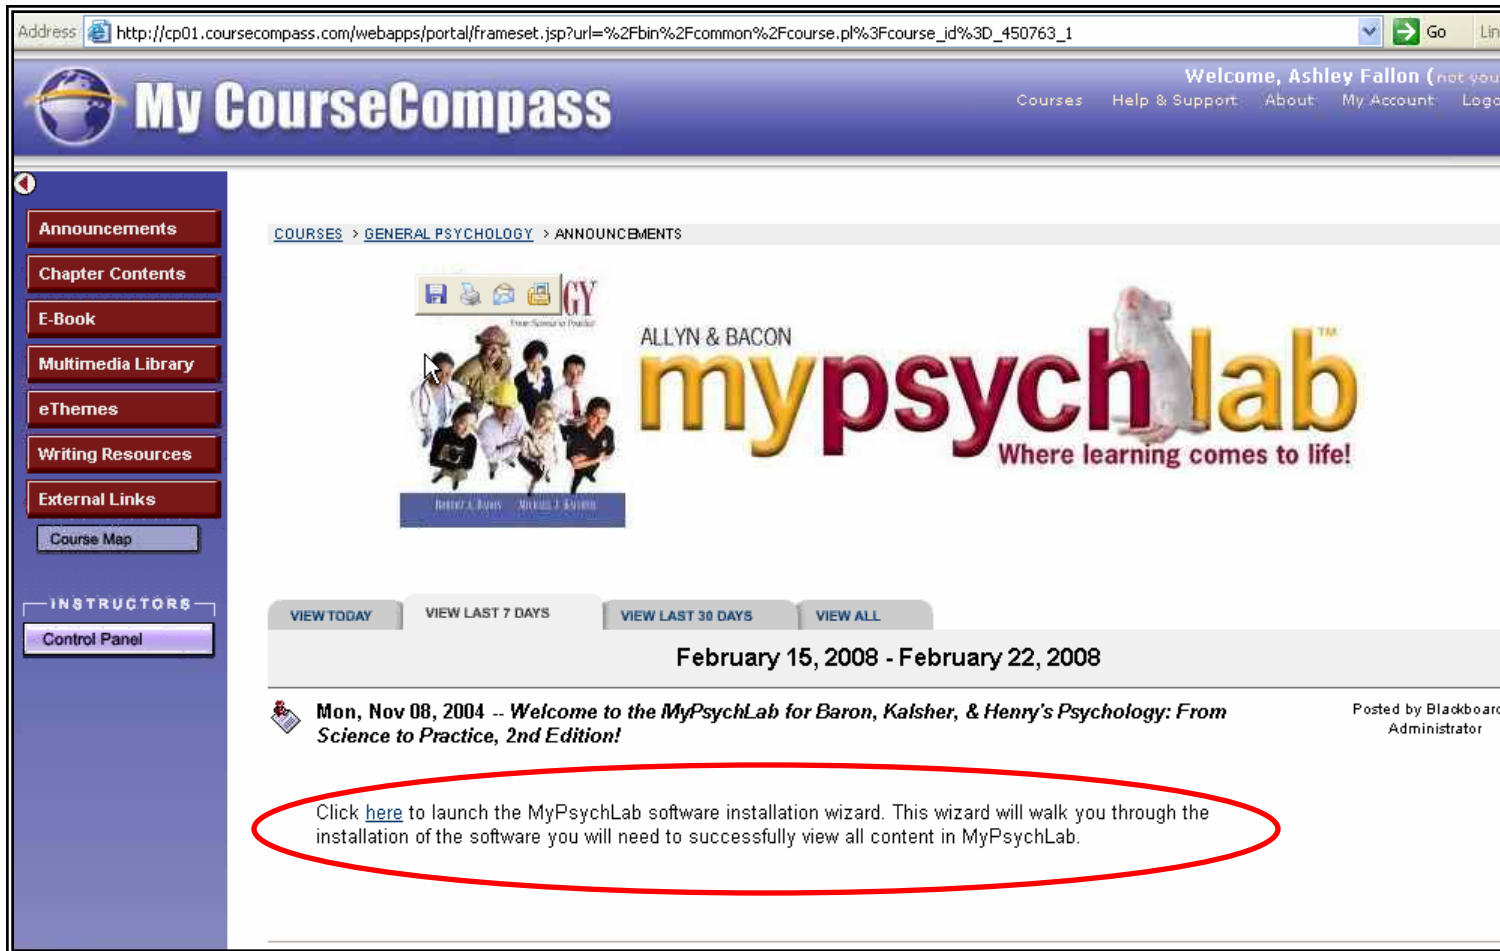

- Courses:** Features a "Create/Copy Course" button and a list of courses. The course "General Psychology" is highlighted with a red circle. Below it, the course ID "Course ID: fall082079" and the logo "myspsychlab" are visible. A "Details" button is also present. Below the course list, it states "Students Enrolled: 0 (How Students Enroll)".
- Announcements:** Titled "General Announcements", it lists several notices with dates:
 - System Notice: CourseCompass will remain available during routine maintenance, Friday, Feb. 22, 6:00 PM EST - Saturday, 2/23, 6:00 AM EST (Feb 18, 2008)
 - Welcome to CourseCompass version 5.1 (Jul 22, 2007)
 - Known Issues in CourseCompass version 5.1 (Jul 22, 2007)
 - Known Issue: Creating a Course by Copying Another Instructor's Course (Jun 06, 2007)
- Need Help?:** Contains links for "Getting Started with CourseCompass", "Teaching with CourseCompass", and "Support Center".

Below the "Need Help?" section, there are two promotional boxes:

- Products & Resources:** Includes the "Instructor Resource Center" (Find online resources available exclusively for instructors) and "Research Navigator e-m" (Get help writing a research paper, and access premium online resources).
- TestGen:** Promotes the TestGen tool, stating "Learn about TestGen" and "Download the TestGen plug-in to administer tests online".

1. Log into CourseCompass and enter your course.

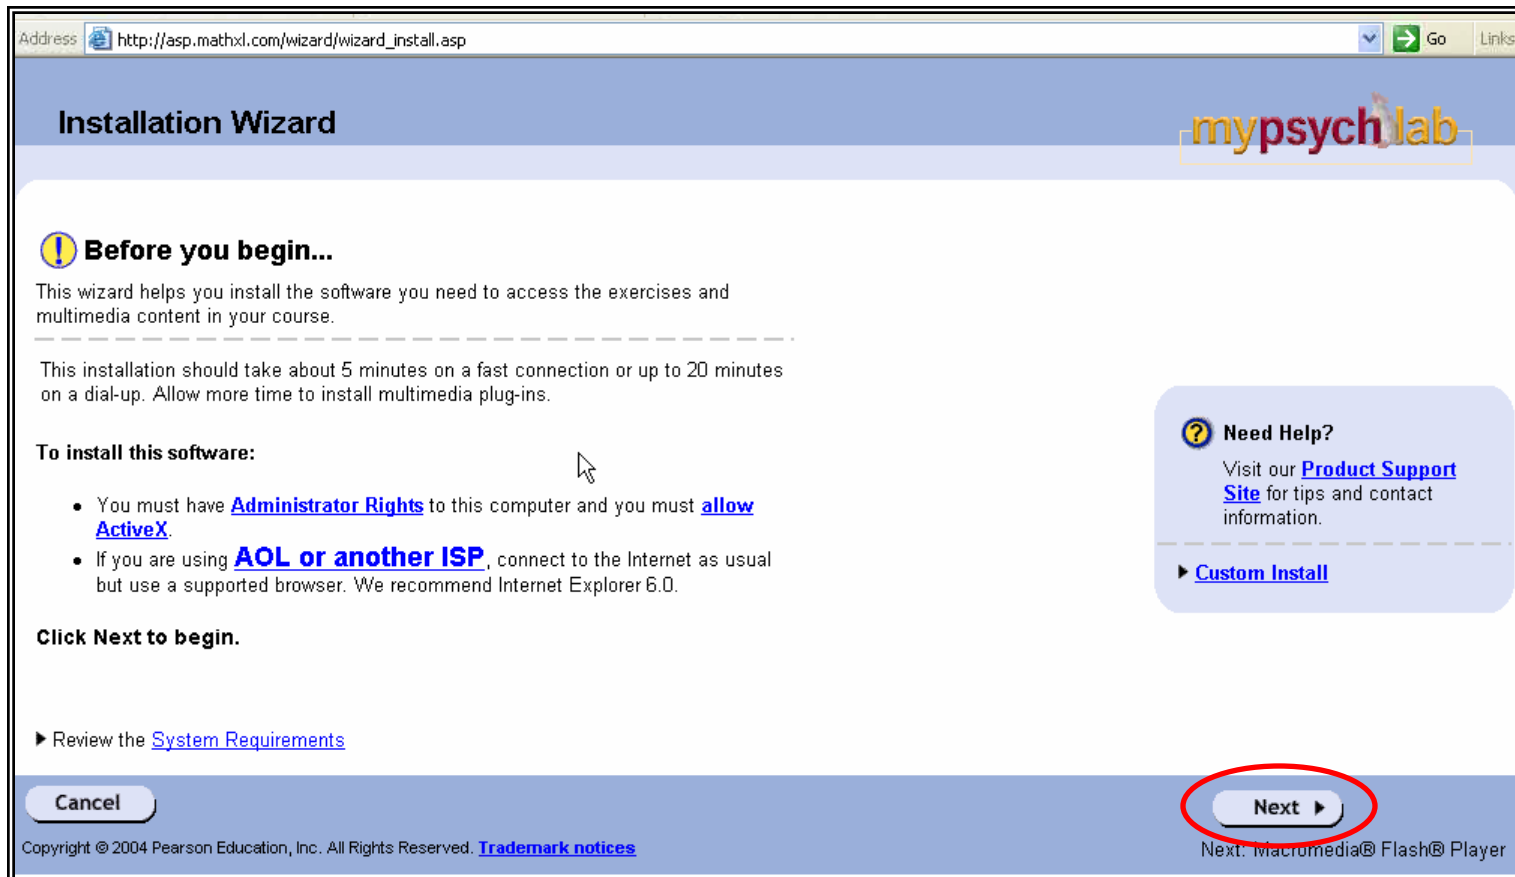

Installation of MyPsychLab software:

The screenshot shows a web browser window displaying the My Course Compass interface. The address bar shows the URL: http://cp01.coursecompass.com/webapps/portal/frameset.jsp?url=%2Fbin%2Fcommon%2Fcourse.pl%3Fcourse_id%3D_450763_1. The page header includes the My Course Compass logo and a welcome message for Ashley Fallon. The main content area displays an announcement for the MyPsychLab software, featuring the logo and the text "Where learning comes to life!". The announcement is dated February 15, 2008 - February 22, 2008. A red oval highlights the text: "Click [here](#) to launch the MyPsychLab software installation wizard. This wizard will walk you through the installation of the software you will need to successfully view all content in MyPsychLab."

1. Notice the first announcement. You and your students MUST follow the instructions in this first announcement. If you do not, you will not be able to take the exams on MyPsychLab.
2. Click *here* in the first announcement.

Installation of MyPsychLab software:

The screenshot shows a web browser window with the address bar displaying `http://asp.mathxl.com/wizard/wizard_install.asp`. The page title is "Installation Wizard" and the MyPsychLab logo is in the top right corner. The main content area features a yellow warning icon and the heading "Before you begin...". Below this, there is a paragraph explaining the wizard's purpose and a note about installation time. A section titled "To install this software:" contains two bullet points: "You must have **Administrator Rights** to this computer and you must **allow ActiveX**." and "If you are using **AOL or another ISP**, connect to the Internet as usual but use a supported browser. We recommend Internet Explorer 6.0." A "Need Help?" section on the right offers a link to the "Product Support Site" and a "Custom Install" link. At the bottom, there are "Cancel" and "Next" buttons, with the "Next" button circled in red. The footer includes copyright information for Pearson Education, Inc. (2004) and a note about the Macromedia Flash Player.

Installation Wizard

Before you begin...

This wizard helps you install the software you need to access the exercises and multimedia content in your course.

This installation should take about 5 minutes on a fast connection or up to 20 minutes on a dial-up. Allow more time to install multimedia plug-ins.

To install this software:

- You must have **Administrator Rights** to this computer and you must **allow ActiveX**.
- If you are using **AOL or another ISP**, connect to the Internet as usual but use a supported browser. We recommend Internet Explorer 6.0.

Click Next to begin.
